

Current Glenview volunteer vacancies

(Advertised on Volunteer Connect, Seek and our Glenview website) Updated 8/1/19

Glenview bus drivers - Light Rigid license required

We are always seeking experienced volunteer drivers with a Light Rigid class license and a good driving record. Our volunteer drivers are valued members of our residential and day centre teams. We drive Day Centre, Women's Shed and Men's Shed clients from home to Glenview and back, take our residents and clients on fishing, lunch and shopping outings and generally have a lot of fun. Make your day count and join us at Glenview!

Dementia Companion

We offer training to caring and compassionate people interested in offering vital social support to our residents experiencing dementia. Our wonderful staff can ensure you have many ideas and activities to share. A simple walk outside or game can make such a difference for our residents. Knowing you have made someone's day brighter can be very satisfying!

Men's Shed support volunteer

Our Glenview Men's shed operates out of our Bisdee Day centre and caters for day visitors experiencing the beginning stages of dementia.

Our clients make and finish a range of objects ranging from beautiful wooden pens to dolls houses. A day out in the Men's shed is very enjoyable, where everyone enjoys morning tea and a complimentary lunch together around a big table. Skills are helpful, but not essential. If you are a caring and cheery male who enjoys a chat and helping others, we need you!
