

Harmony Week

Harmony Week celebrates Australia's cultural diversity. It's about inclusiveness, respect and a sense of belonging for everyone.

We are fortunate at Glenview to have some wonderful staff members who gave up their time to share a glimpse into their Nepalese culture, particularly Sue Shrestha and Sunita Paudel. You brought some much needed colour and fun!

Thank you.

St Patrick's Day

Lots of fun dressing up and playing games at our St Patrick's Day Happy Hour.

Visitors and families, please let us know if you test positive, or become a close contact within 48 hours of being at Glenview!

Tasmania is undergoing a huge spike in Covid community transmission and it has significantly impacted the Glenview workforce.

To keep our residents and your loved ones safe, please **ALWAYS** wear the **N95 or P2 MASK** for your entire visit.

Visitors and families we rely on you to call one of our Windsor team on 6277 8800 or Korongee team on 6145 6600 to let us know if **YOU** test positive, or become a close contact within 48 hours of being anywhere at Glenview, Windsor or Korongee.

Thank you for your understanding.

Tastes from another culture on Harmony Day

Our wonderful staff delighted residents with a cooking demonstration of a traditional Nepalese dish. A bonus was tucking in to the tasting plates afterwards.

St Patrick's happy hour

We gathered together for lots of green food and drinks, Luck'o'the Irish prizes, quizzes, trivia... as well as a few shenanigans to be sure!

Welcome to our new Glenview residents:

Joan D, Alannah W, Maureen N, Barbara R, Russell M, Katja S, Daniel L, Eleonora L, Margaret D, Barbara W, Roger S, Erna S, Heide P and Joan C.

Around the Table

It's me again, Glenview's newsletter serial lurker!

Thought I'd share with you all the perils of pet ownership, from my point of view.

When my young family and I arrived in Cygnet from Melbourne in 2003, to suggest we were 'green around the gills' when it came to life in the country, would've been an understatement.

Amongst the numerous lessons we learned were; always wave to oncoming utes on the road, always shut a gate that you've been through and perhaps most of all, always make time for a chat when doing anything in town.

However, the one lesson that left an indelible mark on me was to never, ever name an animal that you intend to eventually consume.

'Little Steve', a Belted Galloway steer, was born on (you know where this is headed right?) my birthday and hastily named by our kids. Cate, my wife, and I shared a 'look' before shrugging our shoulders and getting on with the business of being parents.

It never ceases to amaze me how time flies when you're having fun, or raising kids. Soon enough it was time for Little Steve to make the one-way trip to the abattoir. A week later my youngest and I drove up to collect Little Steve.

As we approached the building, there was no sign of the black and white steer my little one had been expecting. In place, there were nine large boxes neatly stacked on the ledge for pick-up.

After paying the bloke and signing the paperwork, I returned to the ute. It's cabin rang with the cries and tears of my littlest.

"You're a meanie dad!" he kept repeating as we rumbled home along the gravel and dirt. I thought I had done irreparable damage to our relationship, and I felt terrible for it.

Some weeks passed and around our dinner table, the rosy cheeks of our kids sparkled with the reflection of flames from the evening fire.

Their bowls had been mopped clean with bread and pushed forward. The expectation of pudding to follow, animated them.

Then the little bloke spoke: "Dad, can we please get another Little Steve. This one was so tasty!"

Relieved, I replied: "Sure, but how bout we call the next one Blacky or Whitey?"

Oh, and by the way, keep those menu suggestions coming!

Adios and see you in the corridors!

Home Care hijinks

Here's proof that our home care support workers enjoy a social outing as much as their clients do.

On the left is Denise Catania support worker, and Graeme Brown NDIS client at the summit of kunanyi/Mt Wellington.

Above is Lia Gravina support worker, and Helen Quinn who went swimming together at the Aquatic Centre.

Advocacy Tasmania recently presented their services to our residents via a video call. They work with older people, among others, and are all about helping people to be heard and understood.

If you are unable to speak for yourself, or find it difficult, the Advocates can help you and provide information about your rights.

The service is free, confidential, independent and professional.

To contact them call 1800 005 131 or if you're on a mobile call (03) 6224 2240. You can text on 0457 806 963, or email contact@yoursaytas.org
