

## Upon the podium

Sporting highlights from the Korongee Commonwealth Games included an egg and spoon race, ten pin bowling and a bean bag toss. There was a special opening ceremony and of course, a medal presentation, complete with lovely flowers arranged by Mae.

## Planting a pallet

Korongee Garden Club are working hard to create a hanging garden with some amazing help from Tim and Darren to reconfigure an old pallet. Now it's ready for some paint and then we'll plant it out!

## Warmth in winter

Activities support worker Tracy took the lead and helped the team create some fantastic, fun events during our Winter Festival week.

We enjoyed a World Chocolate Day feast, lunch with friends, massage and pampering AND bottled our home-made relish.

The festival included a grand light show, photo display, feast and live music. We certainly added some light to the darkest days of winter!

## Feed back

A recent menu tasting was enjoyed by a few lucky residents and family. It was a magnificent chance to try a number of new dishes earmarked for the new menu, and to provide honest feedback for the catering team to consider.

# Around the Table

## Tracklements + the roadside stall

My dear old mum was a sucker for tracklements and jams from a country show or a roadside stall. 'Tracklements?' you ask. Yes, this was the noun used many years ago to call the broad church of savoury condiments, from pickles and relishes through to chutneys and preserves.

No sooner had a new jar been added to the groaning shelves in the pantry before she was on the hunt again for more. By any definition this was an addiction.

Perhaps it was the colourful elastic-band bound cellophane that drew her as a moth to the flame? Maybe it was the Russian-Roulette thrill of tasting the contents of each jar full of promise. It could have also been a tangible link to her childhood where growing and preserving her own food was a significant part.

As the chorus line of filled jars were superseded so did the empties which rivalled my dad's homebrew bottles and both parents shared a reluctance to part with their stockpiles. Dad simply used the empty longnecks as an excuse

to brew more grog, but mum had to be more resourceful.

She tried decanting all her dried spices into the jars but the process of carefully pouring the powders into the receptacles proved too laborious. She then enrolled them as coin suppositories. Her sewing needles, thimbles, bobby pins and small rolls of cotton thread all found glass homes. Buttons, fabric swatches, press studs and rivets were equally dispersed within.

This behaviour gave way, as does a dam breaching, resulting in her cramming anything and everything into their glass recesses. Dad assisted by using a few to home his growing nail and screw collection in the shed.

Pretty soon our jar conversion was complete and when we were after something the reply would always be 'Did you check in the jar?' followed by 'Which bloody one!'

Then one day, as inexplicably as it started, her appetite for these items dwindled and with it, so did our oversupply of jars. There is some conjecture within our family as to at which point, she then began her love affair with calico bags, but that's another story.

Happy eating,

# What do we do when it's cold outside?

We make Hedgehogs out of books of course!

We celebrate, this is Loui celebrating his birthday at Bisdee.

And we cook!

Welcome to our new Glenview residents:  
Geoffrey B, Mollie D, Lesley F,  
Margaret (Meg) P, Sirkka P,  
Laurence L, Queenie M and Claire W.

## Christmas in July

## Two medals for Kay

Shirley, one of our home care clients having a great time with Sam at Goodwood Community Centre.

Kay Ball was awarded two medals, for having lived with type 1 diabetes for over 50 and 60 years, by Hon Elise Archer MP at Government House. What a wonderful achievement and a credit to Kay who has adjusted her diet and been diligent with monitoring blood sugars and medication. Well done!

Please let us know if you have the flu, test positive with Covid, or become a close contact within 48 hours of being at Glenview!

To keep our residents and your loved ones safe, please ALWAYS wear the N95 MASK for your entire visit.

Visitors and families we rely on you to call one of our Windsor team on 6277 8800 or Korongee team on 6145 6600 and let us

know if YOU have the flu, test positive with Covid, or become a close contact within 48 hours of you visiting Glenview, Windsor or Korongee.

## Labelling of residents clothes

A friendly reminder that all residents clothes are to be clearly labelled. This will assist our house companions in returning clothes to the correct people after laundering. Labelling can be done by family members, or alternatively by our staff for a small fee. Ask at reception.

## Family + representatives survey

Glenview greatly values the feedback we receive from family and representatives. It assists us to continually improve the quality and safety of care, and services to our residents.

We will distribute a survey to gather feedback to Next of Kin in the coming weeks via SMS. The survey is optional and anonymous and does not take long to complete at all.

### FRIENDLY REMINDER
